

Lintang Adi Cahya Ramadhani

UI/UX Designer

+62 817 7040 1980 | lintangadior22@gmail.com | www.linkedin.com/in/lintang-adi-cahya-ramadhani

Klaten, Central Java, Indonesia

Informatics graduate with a strong focus on UI Design for web and mobile applications. Skilled in creating intuitive, visually consistent, and user-friendly interfaces using Figma. Experienced in designing from concept to high-fidelity UI and interactive prototypes, supported by a foundational understanding of UX principles such as user flow and wireframing.

Possess basic technical knowledge (HTML, CSS, Laravel, MySQL), enabling effective collaboration with developers. Passionate about improving user experience through clean and functional design.

Education

University of Technology Yogyakarta

Bachelor of Informatics Engineering

2021 - 2025

GPA: 3.19 / 4.00

Final Project:

Designed and developed a web–mobile catering ordering application using Laravel, CSS, Kotlin, and MySQL, with a focus on creating a user-friendly and efficient ordering experience. Led the end-to-end design process by identifying user needs, simplifying ordering and transaction flows, and designing user flows, wireframes, and high-fidelity prototypes in Figma to improve usability and overall user experience.

Experience

Administrative Staff & Product Design

Family Catering Business

Klaten

2024 - Present

- Redesigned product catalog interface to improve visual clarity and user experience for customers.
